

You've seen University of Iowa student-athletes accomplish so much as they Fight for Iowa. If you have not already done so, you can help future Hawkeyes through a gift in your estate plans. Do you know the benefits of establishing a planned gift?

A planned gift can provide you with annual income or significant tax savings.

There are many ways to make a planned gift—a bequest, a required minimum distribution from your retirement account, and much more.

An estate gift can help you leave a permanent legacy at Iowa while supporting future Hawkeyes.

### Why is it important to establish a planned gift or let us know that you have one?

You will be properly recognized for your generous contribution.

You can ensure proper designation for your gift.

You will be able to help Hawkeye athletics plan for future success in competition, in the classroom, and in the community.

**For more information on making a planned gift for Hawkeye athletics,**
